RUSSIAN TRADE DEAL FOR CATTLE AND OIL OFF

Following a meeting in New York between Herbert J. Macle and Peter Bogdanov, who represents the Amtorg Trading Co., who was negotiating for the Russian government, Col. Macle made the following statement: "Russia's policy is to sell its products for cash and to buy what it requires on long-term credits. And it is only on these terms that deal could be put through either with Canada or any other country."

QUAKE HITS SOUTH AFRICA

Large areas in the Union of South Africa were hit by an earthquake in the last day of the old year and houses cracked open, and in some places were crumbling ruins. Four distinct tremors were felt, but the damage was not extensive, although the inhabitants were frightened and nearly panic-stricken while the earth reeled two and fro, and nothing was stationary.

MAY NOW TRADE WHEAT WITH RUSSIA

Seeking disposal of a huge wheat surplus, Alberta Wheat Pool has negotiated with Russia for the sale of wheat on generous credit terms, or in lieu of selling, bartering wheat for the products Russia has to dispose of. The move is considered by Government and Pool officials as offering a means of disposing of the wheat surplus, which is a discouraging factor in the farming outlook of the West.

NEW AUTO PLATES ARE YELLOW AND BLUE

1933 License plates for autos in Alberta will be bright blue figures on a canary yellow background, and are entirely new in Alberta. The plates are now available, and according to reports several sets have already been purchased in the larger centres. Notices have also been mailed out to all car owners and forms enclosed. There has been no notice re rates, and they will likely remain unchanged.

CALGARY HAS FINANCIAL WORRIES

When over \$2,000,000 worth of Calgary bonds and debentures matured on the New York market on January 1st, the holders wanted the payment made in American dollars, and the city of Calgary refused to pay this, which at present exchange rates meant \$300,000 additional. The Bank of Montreal refused to extend the city anymore credit unless the payment was met, and the city remained unmovable. Efforts were being made to get assistance elsewhere, and in failing to do this, Mayor Andy Davison stated it may cause drastic curtailments in city services. The outcome will be watched with interest.

WOMAN HANGED IN SOUTH AFRICA

Maintaining her innocence to the last Mrs. Daisy DeMeler was hanged at Pretoria on Dec. 30th, following her sentencing on November 24th, for the murder of her son Cecil Rhodes Cowie who died from poison placed in his food. She was the second woman executed by hanging in the Union of South Africa, and she was also charged with poisoning her former husbands, but was found not guilty.

FOUR KILLED BY NEGRO PRIVATE

When a negro private ran amuck in an Arizona fort, he killed Captain and Mrs. David Palmer, Captain and Mrs. Joseph W. Wesley, and seriously wounded Lieutenant Harvie R. Matthews, before he was shot by the guard while in the act of shooting Matthews.

PRISON INMATES GET MORE LIBERTY

New Year's prison regulations allowed more freedom for prisoners in Canadian penitentiaries including cigarette papers with the allowance of tobacco, electric lights in the cells for reading, and more and longer visits with wives and children.

News Notes

Mr. Kraft was at the local Safeway Store on Saturday assisting in the regular year end stock-taking.

Well, how many of those 1933 New Year's resolutions have you broken already. A few less resolves and more sand in keeping the few would be better for all of us.

CARD OF THANKS

To those who so generously contributed to the fund raised in our behalf, we wish to express our sincere appreciation and thanks.

Gladys Linkous

WEDDING BELLS

BENNETT — EVANSON

A quiet, but pretty wedding was held on Thursday, Dec. 22 1932, when Clifford Walker, oldest son of Mr. and Mrs. W. A. Bennett of Taber, and Miss Edna, daughter of Mr. and Mrs. J. E. Evanson also of Taber, were united in marriage at the L.D.S. Cardston Temple, President E. J. Wood of Cardston performing the ceremony, with Mr. W. A. Bennett and Mrs. J. E. Evanson as witnesses. The bride was attired all in white and looked very lovely.—Taber Times.

NOTE: — Both these young people attended the A. C. here several years ago and are well known to many Raymond folks.

In a page of statistics on southern Alberta's activities during the year just closed, the Lethbridge Herald puts this year's sugar production at \$1,700,000 as against \$1,250,000 for last year. The total output of sugar will exceed 40,000,000 pounds, as against 31,000,000 for last year.

The west Calgary branch of the Canadian Bank of Commerce was the scene of a hold-up Tuesday, but the robber was brought down within a short distance of the bank by a Manager of an Antique Shop, who grabbed him with a flying tackle and with the assistance of one of the bank clerks, held him until police arrived.

Roger Babson, prominent stationer, states that business during 1932 will increase 10 per cent in volume, and that prices will tend to advance, so that with the dual increase, the improvement may be estimated at 15 per cent. We, with everyone else, will certainly hope that Babson is right, as he generally is.

News Notes

Don't forget to write it 1933.

Alma Hancock was a Lethbridge visitor on Saturday last.

Frank Atterton spent the holiday week in Ardston with relatives and friends.

CAPITOL — Friday only, Charlie Chaplin in his first and only "sound" feature. Continuous showing from 5 p. m.

Monday, January 2, was observed as New Year's Day this year and all stores and offices in Town were closed.

Prices on hogs and cattle remained unchanged over the week-end, with steers at \$2.75 and up, and hogs at \$2.85 to \$3.35 off the cars at Calgary.

Turkey prices were up a bit at the week-end over the previous week, and some first-class birds brought as much as 12c. per lb. on the local market.

Mr. and Mrs. P. W. Cope were Calgary visitors over the week-end returning home Monday evening.

COME EARLY to the CAPITOL Saturday — FREE 8 TUBE WESTINGHOUSE COLUMBIA RADIO.

Mr. and Mrs. Roy Anderson and family of Barnwell, spent part of the Christmas holidays with relatives and friends here in Raymond.

Bishop T. W. Harris and members of the family from Taber were here for the New Year's holiday with Mr. and Mrs. J. V. Evans and family and other relatives and friends.

The weather turned cooler Monday afternoon, and snow and frost fell for several hours, but the fall was very light, and it was all gone by Tuesday noon.

Speaking of the news story that he would try and effect a Coalition Government in the Province of Alberta, Premier John E. Brownlee said there was nothing in it.

Miss Della Kimball was the holder of the Lucky Ticket at the Capitol Preview on Saturday night, and was winner of the Hudson Bay Rainbow Blanket. Mayor Meek did the drawing.

The Capitol Theatre had a record crowd on Monday last when "Lee" gave a Free Matinee for everyone under 14 yrs. Everybody was there. The attraction was "Palmy Days" and was greatly enjoyed with Eddie Cantor as the star.

NEWS FLASH: 2:30 p.m. — Ex-President Calvin Coolidge died this morning, Thursday, of heart failure. No details.

"Belle of Barcelona"

Lovers of stage entertainment have a treat in store for them next Thursday night, when the Lynn Gibb directed production "The Belle of Barcelona" plays at the Capitol Theatre.

Everyone who has seen this attraction are unanimous in saying it is one of the best productions ever put on by local talent. It is presented by Magrath players. Miss Bertha Smith, considered by many the best soprano in the South country plays the lead and she is supported by what could be called a professional cast. There are over 50 people in the personnel.

The Special Scenery and costumes will cause favorable comment, and everyone is assured of a good evening's entertainment.

Popular Prices will prevail.

Lou King Speaks at First Ward

The auditorium at the First Ward was filled to capacity Sunday evening last, when interested listeners heard Elder Lou King, recently returned from the North-Central States Mission in a very faith-promoting talk on First principles and missionary experiences.

Other numbers were: Violin Solo by Ralph Laycock of Lethbridge, Piano Solo by Roi Stone, and a Vocal Trio by the Hicken sisters and Miss Clarice McMullin.

The program was under the auspices of the Mutual with J. Orvin Hicken in charge, and to convey the wishes of the M. I. A. for the New Year, he read "My Creed"

Sunday Night at Second Ward

The meeting in the Raymond Second Ward Sunday evening was in charge of the Mutuals and a very interesting program was carried out. Mrs. Henry Gibb gave a splendid New Year's Story, Miss LaVern Harries of Taber contributed a very interesting reading, and Myron Holmes gave a splendid talk on "Ideals in Citizenship" and gave the audience much to think about on this subject. Musical numbers included a Vocal Duett by Misses Winnie Everson and Mabel Webster, Piano Solo by Mrs. Emma Dahl, German Lullaby by Fritz Gehmlich, and a Vocal Duett by Mrs. Blanche Scoville and Miss Dorothy Nurse. A good crowd was present.

LIBRARY REPORT FOR 1932

We have 1,100 books in the Library, with a circulation for 1932 of 10,555. In addition to this 2,232 have made use of the reading room.

Within a few days we expect 40 books from the Extension Department of the University of Alberta for our use for four months. We ask the co-operation of the readers in prompt return of these books. They will not be loaned to children under 16 without a written request from parents.

Respectfully submitted,
Mrs. M. W. BOYSON,
Librarian.

Mr. and Mrs. S. I. May were Magrath visitors on Sunday afternoon last.

Mr. and Mrs. Kenneth Walker were Raymond visitors from New Dayton on Tuesday of this week.

Alberta News Service

(Issued by the Publicity Commissioner, Government Buildings, Edmonton, Alberta. January 3, 1933)

ALBERTA'S AIR PORTS

Alberta has four first-class air-ports, each of 160 acres in area and with modern facilities. These are located at Edmonton, Calgary, Lethbridge and Medicine Hat. In addition, there are ten emergency landing fields at various points in the province.

AUTO LICENSES IN ALTA.

The total issue of auto licenses in Alberta for 1932 was 85,564, a decrease of 8,151 from 1931. Of the total, 71,433 were for passenger cars and 14,232 for trucks and other licenses. The peak year for licenses was 1930 when the total passed the 100,000 mark.

CREAMERY BUTTER PRODUCTION

Alberta's production of creamery butter will be slightly less in 1932 than in 1931, when the record amount of 22,900,000 lbs. was produced. The production this year will likely be in the neighborhood of 20,000,000 lbs.

LIVE STOCK INCREASE

An increase in the totals of cattle, sheep and swine in Alberta over 1931, is shown in the recent bulletin issued for 1932 by the Dominion bureau of statistics. The number of cattle for this year is shown as 1,223,600 compared with 1,137,000 in 1931; the number of sheep and lambs as 833,700 as compared with 789,000 and the number of swine as 1,118,000 compared with 1,062,900. There is a decrease in the number of poultry, although an increase in turkeys is shown.

KEEPING HIGHWAYS OPEN

More than 800 miles of main highway in Alberta are on the winter programme of road clearing and the provincial public works department this winter. That is, the department is making an endeavor to keep this amount of mileage on the main roads clear of snow and passable at all times. In addition to this, a considerable mileage has been protected with snow fencing. This is the largest mileage the government has yet placed on the winter road clearing programme and brings Alberta into second position among the provinces of the Dominion in this respect, being surpassed only by Ontario. The snow problem is, however, not generally a serious one in Alberta, as it is in some of the eastern provinces, but occasionally in winter comes a snowfall that demands considerable effort before the roads are cleared for traffic.

ALBERTA OIL PRODUCTION

Production of oil in Alberta for the month of November totalled 64,990 barrels, of which 60,449 were naphtha from Turner Valley, the balance being crude oil from the Turner Valley and Red Coulee fields.

TO BE HONORED AT SEED FAIR

At the Annual Provincial Seed Fair to be held in Edmonton, January 10th to 13th, special mention will be made of Edward Soderstrom of Wetaskiwin, the 18 year old youth who captured third prize in oats in international competition at the hay and grain show at Chicago this month. This is the first

time a member of one of the junior grain clubs has won such honor at the Chicago show and due recognition will be taken of the fact.

PROVINCE HAS FEW IMMEDIATE OBLIGATIONS

Obligations of the Provincial Government in the way of first-of-the-year payment in New York will be comparatively light it is stated by Hon. R. G. Reid, provincial treasurer. There are no debentures maturing, and payments so far as Alberta is concerned will be confined to interest charges. An interest bill of \$268,925 will be due on January 1st, and on January 15 and 16 a further total of \$236,812, also for interest, is to be paid.

Debenture issues maturing in 1933 will total \$5,000,000. Of this amount \$2,000,000 will be due June 1st, and the balance November 1st. Against these principal sums the provincial treasury has in sight a payment of \$5,000,000 to come in from the Canadian Pacific and Canadian National railways on the purchase account of the northern railway lines. This is booked for June. Alberta is on "easy street" for the two following years, in respect to refunding obligations. In 1934 there will be \$2,000,000 maturing, and in 1935 the total will be \$3,943,000.

OPENING OF LEGISLATURE

On Thursday, February 2nd, the 1933 session of the Legislature will open, according to an announcement made by Premier J. E. Brownlee. This date will be subject to change in view of any development that might take place at the conference called by the Premier R. B. Bennett at Ottawa on Jan. 22nd to discuss unemployment insurance and other matters. Show developments at that parley make it necessary to postpone the date, this postponement will be made, but otherwise the government hopes to open session on Feb. 2nd.

WE APPRECIATE IT!

Dear readers! At the beginning of a New Year, we desire to express to you our sincere appreciation of your support and assistance during the past year. With you, we have had our ups and downs, and our bright days and our dull ones, but through your consistent efforts, we have been able to keep going.

This is your paper, and we want you to feel that it is. We have tried to feature the home news in our columns as much as possible, and the world news which in our opinion we thought would be interesting to the majority of our readers. We are not after boquets, but we would appreciate a bit of constructive criticism and your ideas as to where we could change to make the sheet more interesting.

As we have pointed out in the past, it is impossible for us to know of all that goes on, and it difficult to get the detail from hearsay. To hire reporters is out of the question under present conditions, so again we say, with your help in providing us with local items of interest, the sheet would be more breezy, and there would be fewer errors in what was reported. We appreciate what has been done in this respect and would welcome more assistance in this respect.

We are optimistic regarding the coming year. We feel that we have had enough disappointments to last for awhile, and that with careful management and good judgment, the district and its citizens are going to experience better times, and that in the very near future. We realize that only as you prosper can we prosper, and for this reason we are anxious to foster everything that will make for a better and happier and more prosperous Raymond and district than we ever had before. By working together, and wholehearted co-operation we can accomplish this. Let us do it.

Thank you, and good luck for the year 1933.

Mr. and Mrs. J. H. Reid of Calgary were visitors with Mr. and Mrs. S. I. Maz over the week-end.

OUR VIEW ALSO

MOTOR LICENSES DUE AT WRONG TIME

There has been considerable agitation across Canada about the due date of 1933 automobile licenses and there is a strong argument in favor of making April 1 to April 1 the motor car license year. The argument is that Canada is in the temperate zone where winter is winter in most sections, with very little inducement to the motorist to fork over twenty or thirty dollars just at a time when his Christmas spending has depleted his purse. The fact is that most Canadian motorists, except those who use their cars in a business way, do not care much about driving a car until late in March or April when the snow has all gone. It is stated that 20 per cent. of Canadian motor cars are put in dead storage for the winter anyway, and to these may be added the thousands which go into private garages and are never taken out until the warm rays of the spring sun make the urge for the open road strong. As a result, it is stated, many motorists never do take out a license until late March or April, and they feel as if they had been paying too much when they take out a whole year's license for nine months' driving.

The suggestion is that little would be lost and much would be gained by making the license year from April 1 to April 1. As this, in Alberta, corresponds to the fiscal year, we can not see that it would throw the Province's bookkeeping system out of kilter. The argument is that, if the motor license ran through the winter until April 1, many people who do not feel in a spending mood in January, would still run their cars when weather permitted during the winter, thus providing some additional revenue from gasoline taxes; and at the same time they would not feel that they had had to pay for 3 months during which they did not drive their cars. It does look as if the motor vehicle branch at Edmonton would do well to give heed to the arguments.—Leth Herald.

IMPERIAL OIL LTD. GIVING DEBTORS GOOD CHANCE

and oil that was needed to put in their crops during those two seasons.

There is a lot of this still outstanding, and likely will be for some time, but the Imperial is making a real suggestion that eases it for those who have been unable to clean up.

The thing that puts any debtor in the hole so badly is the burden and the question of interest, particularly if it runs over any length of time.

The Imperial offers to forget all the interest on these accounts and will not start reckoning it up against the farmers until Oct. 1, 1933, and then at the reasonable rate of 4 p.c.

Payments are looked for on some of the accounts at least on October 1, next year, but the payments can be spread over five years if desired.

A graduated scale of payments has also been arrived at on the basis of wheat values.

Full particulars of the plan are given in the ad. in last issue which all interested can read for themselves.

Low interest and long term payments will make it a lot easier for a number of people to square up their accounts to the firm. There are lots of theories regarding finances in general, but the Imperial has taken a really practical step which will make it easier for those who are on their books.

SAY STOMACH!

What's the matter with you? Ain't I always been your friend? Ain't I been a partner with you All my pennies don't I spend In getting nice things for you Don't I give you lots of cake? Say stomach, what's the matter That you had to go and ache?

Why I loaded you with good things — Yesterday I gave you more Potatoes, squash and turkey Than you'd ever had before — I gave you nuts and candy, Lemon pie and Chocolate cake, And last night when I got to bed You had to go and ache.

Say what's the matter with you — Ain't you satisfied at all? I gave you all you wanted; You was hard just like a ball. And you couldn't hold another Of puddin'; Yet last night: You ached most awful stomach! That ain't treating me just right.

I've been a friend to you, I have: Why ain't you a friend of mine? They gave me Castor oil last night, Because you made me whine. I'm awful sick this morning, And I'm feelin' mighty blue, Because you don't appreciate, The things I do for you.

How to Fashion Belts from Package Wrappers

SMART, colourful, shimmering belts, made from the transparent coverings of cigarettes, cigars, cakes, candy and other packages, are the craze both in New York and Hollywood, the movie folk sometimes making their belts on the lot between shots. "Cellophane" has thus taken its place as a material for the practice of another home art easily acquired in these practical times. It is used, not only for belt making in various woven and braided versions so attractive with sports clothes, but for matching hand bags and hats as well.

Unusual colour combinations and patterns are achieved through various methods of weaving the strips. One of

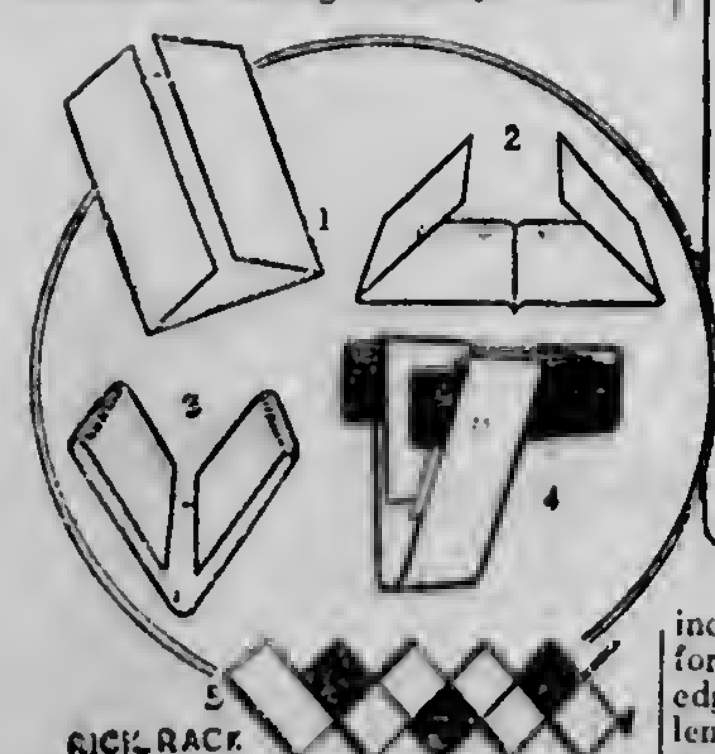

designs. Needle and thread may be used to secure the links if this is thought necessary.

Another most popular belt is the Double Weave. For this belt cut strips of "Cellophane" 6 inches long by 1 1/2

inches wide. Fold the "Cellophane" as for the diagonal weave, but fold outside edges to the centre once, then fold again lengthwise, thus making the finished strip 6 inches long by 3/4 inches wide. Make the links exactly as for the diagonal weave belt. Hook two links together by inserting the ends of one through the sides of another. Hold the two together with a pin, as shown. Insert a third link (arrow) through the closed end of the first two. Insert a fourth link, looping it outside the first and through the second. Be sure that this link is passed on both sides of the first link, and not both sides on top of it. Insert a fifth link, as shown, and continue until desired length is obtained.

"Cellophane" in plain transparent quality or in colours, for the making of these smart belts, may be secured from the protective wrappers now supplied on many household articles or in convenient rolls from any department, stationery or chain store.

the simplest is the Rick Rack, shown in the circle at the left. Cut strips of "Cellophane" 4 inches long by 3/4 inches wide. Approximately eight are needed to make the average length belt. Fold outside edges lengthwise to the centre twice and then fold in half lengthwise, keeping the raw edges in. This makes a strip 4 inches long and nearly 1/2 inch wide. Fold across the centre, making the strip 2 inches long. Fold each end to the centre, making the strip 1 inch long. The 1 inch link is now finished. Slip two links together as shown, keeping the edge with several folds toward the top. Continue until desired length is obtained.

Many belts, when finished, look like mother of pearl and colourful buckles of plastic materials are to be had in many chain stores.

Random Briefs

B. C. TRIES NEW MOTOR LICENSE SCHEME

By paying one-quarter of the yearly fee, motorists in British Columbia will be given a sticker and will be permitted to operate their motor vehicle until March 1st, when the remainder of the years fee will be collected. The experiment, for such it is, will be watched with interest by everyone.

HAS NARROW ESCAPE

Trapped in his room in a Pittsburgh Hotel, Clayton Cornell, climbed out on a window sill, and while the flames seared his room, let himself down and held onto the window with his finger tips, until a roomer on the lower floor opened a window, and Cornell swung himself in. If his hold had given way he would have dropped 30 feet to the pavement below.

WILL BROWNLEE ATTEMPT COALITION?

This was the question agitating the minds of many over the week-end, following persistent reports that offers would be made to the Opposition parties in the provincial House to co-operate in finding a way out of the present difficulties. Many are of the opinion that Liberals and Conservatives will turn the proposition down, and some think that even the U.F.A., or at least the radical element associated with the C.C.F. as the Commonwealth Federation party is referred to may reject the Premier of the attempted coalition and put another helm man in his stead. The question was expected to cause considerable controversy in the U.F.A. caucus early this year. Labor was accepted to favor the coalition idea.

VANDALISM COSTS TWO LIVES

Filing through a lock, throwing a switch wide open and removing the red light which ordinarily would show at an open switch, a passenger train near Jacksonville, Ill., crashed into an oil tank car on the siding, the engine and one car overturned and were drenched in oil from the tank car, and the engineer and one passenger were killed, and two others were injured in the mix-up.

NEW VANCOUVER GRAIN RECORD

47,358,872 bushels is the total for the port of Vancouver against 40,000,000 in 1928 from the period of August 1, to Dec 31st. This is the Merchant's Exchange report of exports from this port for the above period and is considered very good indeed.

MICHENER TALKS

In a speech in Calgary recently, Senator Hon. Edward Michener, Conservative, advocated putting the employed to work developing the natural resources of the country, and paying them with Canadian currency, and also denounced the present deflation system of money advocating reforms that would improve present conditions in Canada. This looks like a step in the right direction, and coming from a Senator may have weight and influence with the government.

HARPELL GETS 3 MONTHS FOR LIBEL

James H. Harpell, Editor of the "Journal of Commerce", was given three months to jail in a Montreal court for criminally libelling T. B. MacAulay, President of the Sun Life Insurance Co. The case was immediately appealed, and Harpell was let out on \$6,000 bail.

EX-KAISER HAS COLD FOR CHRISTMAS

Such is the heading in the paper. We are pleased to announce that we had more than that for our Xmas, although we sympathize with the Kaiser, as like most humans we presume he enjoys his Christmas dinner

too, and needs good health to have keen appetite to thoroughly enjoy it.

BILL KURULAK HANGED AT REGINA

Paying the death penalty for his share in the murder of Corp R. V. Ralls, R.C.M.P. near Foam Lake, Sask., last July, Bill Kurulak, eldest of the two Kurulak brothers was hanged at Regina jail at 6:02 o'clock on December 29th, the trap being sprung by hangman Ellis. The younger Kurulak is serving a 15 year jail sentence for his share in it, and Bill Miller, the supposed leader of the gang, committed suicide rather than submit to arrest. This hanging was the culmination of one of the greatest manhunts in Western Canada for a number of years.

CITY OF MONTREAL OWES \$149,545.00

This is quite a debt even for Montreal. This is the net debt of the city as shown by Auditor's reports. No statement as to the value of the city's assets has been made. Maybe some of Raymond's scrip may help Montreal solve its questions as it helped out locally. We are informed that many letters have come to the Town Office asking for detailed information as to the hows and wherefores of the scrip system in vogue here during the past year.

Two negro boys were having an argument about ghosts. One claimed to have seen a ghost as he passed the cemetery the night before.

"What was dis here glos' doin' when yo' las' seen him?" asked the doubting one.

"Jes' fallin' behin', fallin' behin' rapid."

In Abyssinia it is the custom to chain a debtor to his creditor. If this system were tried in Canada it would bring a great many people closer together.

CORRESPONDENCE

BUSINESS IN WESTERN CANADA

The following letter, received by the undersigned, is submitted as deserving attention at the present time.

Edmonton, Alta.
Aug. 13, 1932

Dear Sir:

Replying to our circular letter regarding your article "Western Farmers and the Government", I beg to say that the idea underlying your article, namely, that of the development of productive industry in each province and locality in order to increase the amount of employment and, consequently, the local consumption of farm products, has been advanced by me on the floor of the Alberta Legislature during each of the two sessions since I have become a Member. I am convinced that it is wise and sound and have strongly urged the government to create a department of industries. If the industry within each province can be so developed as to employ more people than are now available, we can speedily attract the English speaking factory workers to the country to take up the necessary employment. Wishing you every success, I am,

Yours faithfully,
(Signed) F. C. Jamieson.

Concerning the above letter, I would say that I have stated my arguments for more factories in Western Canada to members of the Provincial Legislatures of British Columbia, Alberta, Saskatchewan and Manitoba as well as to western members of the Dominion Parliament; and the large majority of the replies received have been favorable, some expressions of approval being very emphatic. As F. C. Jamieson, Esq., M.L.A., is promoting public action in factory establishment, his letter reproduced is above as showing what may be done.

JAS. PHILBERT.
Mission, B. C., Canada.

DID YOU EVER STOP TO THINK?

By EDSON R. WAITE
Shawnee, Okla.

HOMER W. WOOD, PUBLISHER OF THE PORTERVILLE (CALIFORNIA) EVENING RECORDER, SAYS:

"More than one Captain of Industry has said that modern business has grown to a large extent into competitive advertising."

"In this day of enlightenment, people want to know and you must tell them."

"Advertising is not what it used to be, simply 'John Doe, Jeweler' or 'Jim Crow, Grocer.' It is a question of educating the people and telling them what you have to offer and the quality thereof."

"Time was when a bank was too dignified to advertise, but not so now. Bank ads are educational ads. Even the railroads are putting on their 'Dollar Day' sales on transportation."

"The future in Advertising is as great as is the past. It develops as do all Arts and Sciences. The people want to be served, but they should first be told."

The millionaire was boasting to his friends about his success in life.

"All my success," he said, "all my tremendous financial prestige I owe to one thing—pluck."

"Yes," said one of the party, "but how do you find the right people to pluck?"

WHY YOU SHOULD IMMEDIATELY JOIN THE PROSPERITY PROCESSION

The key to better times is more buying. Just as soon as the public loosens its purse strings a revival in industry MUST follow.

Because buying has been restricted, many men and women who would normally be employed have been out of work. Jobs disappeared because there was no sale for the products manufactured; jobs will reappear just as fast as the public begins to buy.

Every man and woman reinstated in a job means just that much more buying power added to the market. Once started the process and it will roll up like a snowball.

Owing to the restricted buying of the past three years, the margin between supply and demand has become very low. It really won't require much of a shove to set the industrial machinery of the country moving again towards "full speed."

If all Canadians who have the money would step into the market now and purchase those requirements in the way of household goods and clothing, repairs and new construction; replacement of obsolete equipment, etc., which have been accumulating over the three year period, the effect would be tremendous.

It would start moving from the retailer, back through the wholesaler to the manufacturer and on to the producers of raw materials, a flood of orders for replacement goods that would ensure employment for hundreds of thousands of people.

The time is opportune. Goods of all kinds are being offered today at lower prices than may prevail for many years to come. You will not only be helping to solve the unemployment problem by acting now but you will be benefitting yourself through the purchase of needed commodities obtainable at exceptionally low prices.

Above all, make sure that your purchases are directed to the greatest possible extent into channels which will tend to relieve the burden of unemployment. This can be best effected by insisting on Produced in Canada goods. When buying them you know that your purchase represents in large part wages paid to a fellow-Canadian. It also means that you are opening the way for replacement orders which will keep wheels of industry turning in Canadian factories during the coming winter. Reprinted from Industrial Canada, Official Publication of The Canadian Manufacturers' Association.

SOME WHY'S

Mickie, the Printer's Devil

Why is it, I'd like to know, that a man who wouldn't ask a grocer for a free bar of soap with an order of groceries, will expect free reading notices because he runs an ad in our paper?

Why will a merchant who resents "trading out of town" calmly send his printing orders to a printer who lives in a nearby city?

Why will a businessman who refuses to advertise in his home paper become indignant when the editor sells some space to out of town firms?

Why is it that the heaviest advertiser is the easiest to please, while the occasional advertiser often expects preferred position and special service?

News Notes

Lethbridge and Raymond are playing a League Hockey game here tonight.

The weather Wednesday night and Thursday morning was rainy and warm.

Police Magistrate J. W. Low was here on Tuesday afternoon, and listened to a couple of cases in the Town Hall.

The Magrath School district has introduced scrip into their financial scheme, and teachers will receive part of their salaries each month in this medium of exchange. The town remains on the cash system as yet.

Meet me at the Capitol both Friday and Saturday. Complete change each night. "CITY LIGHTS" Friday night. "MISS PINKERTON" and FREE RADIO Saturday.

"Mutt" Ralph is sporting his new truck licenses which he put on Tuesday while in Lethbridge.

Mr. and Mrs. Stan Cook entertained Mr. & Mrs. J. Adams and Mr. and Mrs. A. E. Hancock on Friday evening last. Games and refreshments occupied the time.

FOR SALE—Quantity of 1st class Cotton Wood fence posts or dancers, good sized butts. Also sawed stove wood, nice and dry. What offers delivered at your yard. Phone 24 or call at Recorder Office for further information.

Three high officials of the Soviet government were shot to death Tuesday, their sentence for making false returns to the government. Eight others were sentenced to jail terms, some for ten and others for eight years.

U. F. and U.F.W.A. MEETING

A joint meeting of the U. F. and U.F.W.A. was held in the Town Hall Wednesday evening. The purposes of the meeting were to determine the policy of the local during the coming year, and to effect a reorganization of both sections. Wm. Redd of the U.F.A. acted as Chairman. In a short speech Mr. T. O. King urged the members to carry on. He said, in part, "This is a time when the farmers need to pull together. Many point to different efforts of the organization and say they have failed, but if everything else failed, the movement has accomplished a great deal in making the farmer and the farm woman think for themselves. Mr. A. D. Woolley praised the work of the Provincial organization and regretted that our own local had failed to keep pace with the parent organization. Paul Redd gave a very brief report of the recent Wheat Pool Directors meeting, and quoted data to prove that the Wheat Pool was a still a sound business.

A general discussion took place regarding local conditions after which the two sections separated for organization. The U.F.A. retained the old officers and planned for a public meeting in the near future at which one of the leaders of the U.F.A. movement would be the speaker. The U. F. W. A. elected the following officers for the coming year: Pres.— Mrs. Delia Woolf, Vice-Pres.— Mrs. A. D. Woolley, Sec.— Mrs. Fern King. Directors to be chosen by the executive. Mrs. Irene Redd acted as Chairman of the meeting and Mrs. R. B. Ross nominated Mrs. Woolf for President and told of the efforts she had put forth as a Vice-president and the work she had help

News Notes

Nearly 525 children were at the Capitol Matinee Monday.

Ray Knight was a Lethbridge business visitor Tuesday.

About 20 additional men were put to work at the Factory this week when the beets from the Silver Pile were conveyed by the cross belt into the Factory flumes.

Miss Marie Redd took charge of a new Hutterite School between here and Lethbridge, that opened Tuesday this week. She was a bus passenger on Tuesday for her new abode.

Three babies were blessed on Sunday at the Second Ward Fast Meeting, and the attendance was around the 600 mark. A good start for the new year, especially if it is kept up.

Arlo Palmer, Lou King, Roi Stone, Mrs. Arlo Palmer and Miss Lorelle Boyson were Wrentham visitors Wednesday evening and held a meeting with the people there. The Elders each spoke, Roi Stone played a piano solo, and the ladies contributed numbers on the violin and the piano. A very good time is reported.

The Midnight Frolic on New Year's was well attended and the usual good time enjoyed by all. Perce's Premiers, who are steadily gaining in favor with the crowd of dancers, dispensed the music.

Misses Elma and Arilla Rolfsen were in Raymond during the holidays visiting with their parents. Mr. and Mrs. F. B. Rolfsen. They could only stay a few days as both are working in Coutts. Elma is working in the Telephone Office with Miss Grace Kenney and Orilla has established a beauty parlor.

SPECIALLY PREPARED SCENERY

With the holiday trade over on Tuesday and their bond payment of \$2,135,000 was met in Canadian funds against strong protest from the bond holders who said it must be paid in American values. The city still refused to dig up the \$300,000 additional to make this payment.
